

## TERMS OF REFERENCE FOR INDIVIDUAL CONSULTANT

<b>TERMS OF REFERENCE (to be completed by Hiring Office)</b>	
Hiring Office:	UNFPA Botswana
Purpose of consultancy:	Conduct a data mapping and collation on gender based violence (GBV) consistent with the requirements of a tailored Intimate Partner Violence (IPV) modelling tool
Scope of work:  <i>(Description of services, activities, or outputs)</i>	<p>In 2019, UNFPA calculated the cost and resource gap with collaborating partners and launched the Global price tags of achieving the three transformative to accelerate progress on the International Conference on Population and Development (ICPD) agenda, to improve the lives of adolescents and youth, and women, enabled by population dynamics, human rights, and gender equality. The global price tags used aggregate country-level estimates for high burden countries, as guided by tailored tools, a clear methodology as defined in the draft toolkit for developing investment cases and several data sources. UNFPA designated the year 2020 as a pilot phase for a global pilot of the draft toolkit in selected countries, including Botswana. To that end, the Ministry of Health with UNFPA support has recently completed the pilot and developed an investment case on ending the unmet need for family planning. Subsequent to that, and noting the persistent and increasing challenge of gender based violence as exacerbated by the COVID-19 pandemic, the CO has committed to drawing on its experience and that of its partners to develop another investment case. The planned investment case will focus on addressing intimate partner violence (IPV), which at 36.5%, is the main driver of GBV in the country.</p> <p>The development of an IPV investment case presents an opportunity to focus on the unfinished business of the ICPD Agenda in the country, and support the government towards achieving its national ICPD25 commitment of reducing GBV. The investment case is expected to define the scale and scope of investments needed to prioritise proven, high-impact and cost-effective interventions that are required to accelerate progress towards achievement of the transformative result. In addition, the investment case will also support contributions to achieving the SDGs and national aspirations reflected in country development Plans, strategies and frameworks.</p> <p>Notwithstanding, there remains a challenge of data availability to support the modelling exercise of the investment case. Given the dearth of data on issues pertaining to GBV in the country, and the experiences with data challenges during development of the FP investment case, it is imperative that a data mapping exercise precede the actual modelling and development of the investment case on IPV. It is against this background that UNFPA requires the services of an individual consultant to map and collate data required for development of the investment case.</p>

	<p>The <b>specific objectives</b> of the consultancy are;</p> <ol style="list-style-type: none"> <li>a) Map and collate country-level parameter estimates as guided by the IPV tailored model (official and other sources)</li> <li>b) Apply other techniques for addressing missing data (e.g obtain expert opinion through key informant interviews) and propose parameter estimates.</li> <li>c) Document country-level data related to current financing and commitments to end gender based violence</li> </ol> <p><b>Major Activities/Expected Deliverables</b></p> <ol style="list-style-type: none"> <li>1. Inception Report outlining detailed methodology, approach, and work plan.</li> <li>2. Draft data collation report including both parameter estimates and costing data, disaggregated by official and alternative source.</li> <li>3. Final and approved data mapping report.</li> </ol>															
<p>Duration and working schedule:</p>	<p>The assignment shall not exceed a period of 25 working days spread across 2 months (payment will only be towards the 25 working days)</p> <table border="1" data-bbox="423 863 1539 1062"> <thead> <tr> <th>No</th> <th>Task</th> <th>Number of days</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Consultative meeting with UNFPA</td> <td>1</td> </tr> <tr> <td>2</td> <td>Literature review, key informant interviews and data collation</td> <td>20</td> </tr> <tr> <td>3</td> <td>Finalisation of data mapping report</td> <td>4</td> </tr> <tr> <td></td> <td><b>TOTAL</b></td> <td><b>25</b></td> </tr> </tbody> </table>	No	Task	Number of days	1	Consultative meeting with UNFPA	1	2	Literature review, key informant interviews and data collation	20	3	Finalisation of data mapping report	4		<b>TOTAL</b>	<b>25</b>
No	Task	Number of days														
1	Consultative meeting with UNFPA	1														
2	Literature review, key informant interviews and data collation	20														
3	Finalisation of data mapping report	4														
	<b>TOTAL</b>	<b>25</b>														
<p>Place where services are to be delivered:</p>	<p>All deliverables will be submitted electronically</p>															
<p>Delivery dates and how work will be delivered (e.g. electronic, hard copy etc.):</p>	<p>The consultancy will run from June 27, 2022 to August 30, 2022</p>															
<p>Monitoring and progress control, including reporting requirements, periodicity format and deadline:</p>	<p>The consultancy progress will be monitored closely by the UNFPA Strategic Information Specialist</p>															
<p>Supervisory arrangements:</p>	<p>The consultant shall work under the direct supervision of the UNFPA BCO Strategic Information Specialist under the overall guidance of the Head of Office.</p>															
<p>Expected travel:</p>	<p>Home based, no travel anticipated</p>															

<p>Required expertise, qualifications and competencies, including language requirements:</p>	<p>The ideal candidate will possess the following qualifications and competencies;</p> <ul style="list-style-type: none"> <li>a) An advanced degree in Health Economics, Economics, Statistics, Demography or related fields.</li> <li>b) At least 5 years of progressive experience conducting analytical work including statistical analyses, econometrics and/or economic evaluations</li> <li>c) Experience of working effectively with civil society and diverse partners an asset</li> <li>d) Excellent oral communication and interpersonal skills and the ability to work in team</li> </ul>
<p>Inputs / services to be provided by UNFPA or implementing partner (e.g support services, office space, equipment), if applicable:</p>	
<p>Other relevant information or special conditions, if any:</p>	
<p>Signature of Requesting Officer in Hiring Office:</p> <p>Date: 09/06/2022</p>
